

## BUFFS LOST GAME STAGE DRIVERS 40-31

EXTRA GAME FOR SEASON AT  
WICHITA, KANSAS

Same Team That Defeated Buffs  
Last Week at Kansas City—  
Buffs Lead at Half.

For the second time in a week, the Buffaloes were defeated last night in the closing game of the season by the Southern Kansas Stage Lines of Wichita, Kansas. The score last night was 40-31 whereas the score on the night just a week previously was 37-26.

The game last night was something extra for the Buffs. Returning home Friday from Kansas City where they had been eliminated by the Stage Lines boys, the boys had turned in their uniforms and considered their season's work completed. Saturday a message from Wichita offered the Buffs another trial at the team which had eliminated them from the National Tournament, as Wichita wanted to see their team in action. The offer was accepted by Coach Burton and at noon Tuesday the team started north.

The following Associated Press report tells the story of the game last night:

The Southern Kansas Stage Lines basketball team of Wichita put on a sensational scoring drive in the closing minutes here tonight to defeat the West Texas State Teachers College of Canyon, 40-31.

After being outplayed most of the game the Stage Lines suddenly resorted to a long range shooting to swish the ball in from all angles. Myers, Wichita forward, made several spectacular one handed goals from the side of the court.

The tall, rangy Teachers jumped away to an 8-1 lead with a passing attack that clicked easily against their much shorter opponents. By making most of their few shots good, however, the Staggers pulled up to trail only three points, 9-12, at the half.

Early in the second half, the Teachers again pulled away to a lead of 23-14 but at that point they began to handle the ball badly and their passes were intercepted. Wichita had little trouble driving down the court for rapid fire goals. They pulled up to even at 26 then forged ahead to hold a steadily increasing lead throughout the remainder of the game.

## SINGING CONTEST IS WON BY ELAPHIANS

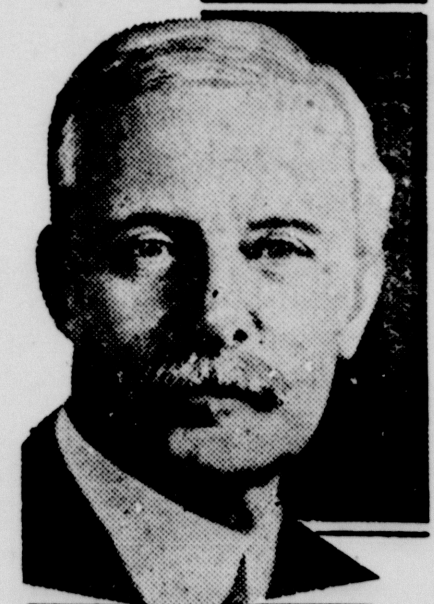

The singing contest sponsored by the Girls Glee Club of the College was held in the college auditorium Wednesday evening, March 9th. Four women's organizations were represented, and the silver loving cup was awarded the Elaphian Literary Society.

It is the intention of the Club to make this contest an annual affair, and it is hoped that the interest that has been manifested this year will continue, and that a greater number of organizations may be represented.

Miss Ventura Smith, director of Music in the Amarillo High School was judge for the contest.

Mrs. Boone Moreland and son of Amarillo were in Canyon visiting and shopping Monday.

## Britain Honors U. S. Organist

The first person in the United States to be so honored, Dr. T. Tertius Noble, organist of St. Thomas Episcopal Church, New York, for many years, has received from the Bishop of Canterbury, England, the Lambeth degree of doctor of music. Parishioners of St. Thomas church have dedicated a stained glass window to Dr. Noble, commemorating his completion of 50 years of church service.

## Impromptu Talks Featured Tuesday At Rotary Club

Floyd E. Savage, vice chairman of the program committee, staged an oratorical contest of impromptu speeches Tuesday at the Rotary Club luncheon, varying the usual program of prepared subjects. He called upon Dean Bob Jarrett to discuss the advantages of Bull Cycles, and Walter Upchurch to discuss the problems of a dean of a college. W. A. Warren was called upon to discuss the inside workings of a beauty parlor, while Albert Terry was called upon to discuss the scientific construction of an electric refrigerator.

Folders were distributed from the Rotary Club of Tokyo giving the viewpoint of Japan in the Manchuria situation.

President Clyde Warwick appointed the following nomination committee to select officers for the Rotary Club for the year starting July 1st: Joe A. Hill, Doug Shirley, Irby Carruth, Tom Knighton and Bill Bryant.

Visitors present Tuesday were: Rev. and Mrs. G. J. Irvin of Amarillo, and G. E. Nance of Brownsville.

## Young People's Culture School To Be Held Here

The Christian Culture Institute, Young People's Division, is to be held at the Methodist church in Canyon, March 21, 22, 24, and 25, according to an announcement this week by Virgil M. Gore, dean of the institute. The meeting hours will be from 6 to 8:45 o'clock each evening and will not conflict with the hours of the Standard Training School which is being conducted this quarter at the Christian church, said Mr. Gore.

A very interesting program has been planned and a wide variety of subjects are to be discussed at the lecture and class periods. Miss Angie Debo will conduct a survey course on "Worship" using as a text the program manual on "Worship." Rev. C. E. Jameson will lead classes on "Evangelism and Church Relationships," under the text, "Acquainting Youth With Christ." Miss Mary Moss Richardson will conduct classes on "Missions and World Friendship," using as a guide the program manual on "Missions and World Friendship." S. H. Condon will take up the civic viewpoint in his classes on "Citizenship and Community Service," using Gilbert's "Social Pioneering" as a text. Miss Ruth Lowes will have charge of classes on "Recreation and Personal Development" using the program manual on the same subject.

Presentation of certificates will be made at the assembly period at 7:30 Friday evening. Only those of ages 16 to 23 inclusive are eligible for credit in the institute.

## R. E. Harter's Australorps Still Winners

Evidently R. E. Harter knew what he was about when he selected Australorps chickens for his poultry yard as the two pens of birds he has entered in the Texas National Egg Laying contest at College Station continue to make unusual records. The agriculture report for the month of February praised the Harter birds as follows: "The Australorps continue to be the leading breed of the contest thus far. They were also the leading breed for February. During the five months these hens have averaged 108 eggs and 104 points each."

During the month of February the Australorps kept up their heavy laying and finished third in the ten high pens for the month. One of the ten high pens in the contest to date is an Australorp and at the end of the past month ranked third in the ten highest hens for the month.

There are 35 pens with a total of 350 birds entered in the contest. Five breeds, barred Plymouth Rocks, White Plymouth Rocks, Rhode Island Reds, White Leghorns and Australorps, are represented, so the Australorps have had plenty of competition. Birds may be entered from any state in the Union.

Mr. and Mrs. E. E. Woods and family of Lubbock spent the week end in the parental W. H. Woods home.

George Terry of Olton was in Canyon Saturday attending to business and visiting friends.

Miss Hazel Wineinger was a business visitor in White Deer Saturday.

## AUTHORITY ON MADRIGAL MUSIC TO APPEAR HERE

D. A. CLIPPINGER TO CONDUCT  
CONCERT OF CLUB.

Canyon Madrigal Club Was Organized 14 Years Ago; Boasts Thirty-two Members.

April 26 will be a red letter day for music lovers of the Panhandle, for D. A. Clippinger, one of America's foremost teachers of singing, and its authority on Madrigal music will appear at the West Texas State Teachers College to conduct the spring concert of the Madrigal Club and to give two lectures, one on "Madrigals and Madrigal Singing," which will be a part of the concert program, and one, "The Meaning of Music," an address for laymen who are interested in music and wish to understand it better.

The Madrigal Club's preparation for this event has been made under the direction of Wallace R. Clark, head of the music department of the College.

Only Madrigal in Northwest Texas

Madrigals are songs having two or more parts, and are sung without accompaniment. They were a generally used form of musical expression among the English, Italian and German people for many years. In England every craft formerly had its own madrigals, and every occasion from birth to death, and every hour from sunrise to midnight had its appropriate (Continued on last page)

## Last Rites Are Held Monday For J. E. Anderson

Funeral services for John Eric Anderson, 82, Randall County pioneer, who died Sunday at 12:40 o'clock were conducted from the family home at 1901 Fourth Avenue, Monday afternoon at 3:00 o'clock. Rev. C. E. Jameson, pastor of the Methodist church, had charge of the services.

Pall bearers were: J. L. Hammond, C. R. Burrow, G. B. Combs, Grady Oldham, J. W. Shook, and S. M. Downing. Interment was in Dreamland Cemetery under the direction of the Griggs-Thompson Funeral Home.

Mr. Anderson was a native of Sweden and was a member of the Swedish Lutheran church. He came to the United States at the age of 15 years and to Randall county some thirty years ago. He was actively engaged in farming until a little more than a year ago when he moved to the city.

He is survived by his widow and one son, Carl Anderson of Canyon and six daughters, Mrs. Otto Stockhaus, Denver, Colorado; Mrs. J. B. Ott, and Mrs. Neil Robinson, Wichita, Kansas; Mrs. Charles Robinson, Fairfield, Iowa; Mrs. Frank Crawford, Brookston, Indiana; and Mrs. Arthur Olson, Canyon.

## ATTENTION TAXPAYERS

An error occurred in the columns of the News last week when it was erroneously stated that the Canyon Independent School District has already collected adequate taxes to enable them to finish the school term without borrowing.

The article should have stated instead, that, if the tax payers continued to respond in the next month or so as they have for the past several months, the School Board would be able to meet all outstanding debts. The schools do not have on hand now the amount that will be needed and urge that the tax payers of the community pay up as soon as possible so that the schools will have no difficulty in meeting payments.

The News sincerely regrets that the error occurred and takes this means of calling the attention of the taxpayers to the matter.

## Mother Of Miss Hibbets Dies Sunday

Miss Anna I. Hibbets was called to her home near Washburn early Sunday morning by the death of her mother, Mrs. Mary Hibbets, 86, who passed away at 3:30 o'clock that morning. Funeral services were held Monday morning from the Sacred Heart Cathedral in Amarillo.

Mrs. Hibbets was the widow of the late Joseph H. Hibbets and is survived by two sons and three daughters, William J. and Frank Hibbets and Miss Mary Hibbets of Washburn, Miss Anna I. Hibbets of Canyon and Mrs. J. F. Shaughnessy of Carson City, Nevada.

Mr. and Mrs. Hibbets were both natives of Ireland and settled in Armstrong County in 1886. They were among the first settlers in that part of the country.

## Annual Meeting P-P. H. Society To Be April 18

The annual meeting of the Panhandle-Plains Historical Society will be held at Canyon on April 8, and L. F. Sheffy, who is arranging the program for the occasion, has announced that John A. Lomax will be one of the speakers on the banquet program.

Mr. Lomax has done more than any other one person to collect and preserve the cowboy songs and lore characteristic of the open range country, and the value of his work is recognized in the United States and abroad.

Others who have already consented to appear on the programs of the day are Senator C. C. Small of Amarillo and Frank Kell of Wichita Falls.

Mr. and Mrs. Clyde Davis spent the week-end at Happy visiting Mrs. Davis' sister, Mrs. Cecil Hagood and family.

## SEVERE COLD WAVE DAMAGES CROPS SOME

THERMOMETER DROPS TO 8  
ABOVE ON SATURDAY.

Wheat is Helped By Cold; Some  
Oats and Barley Killed;  
Snow Helped Crops.

Residents of Canyon experienced some of the coldest weather of the winter Saturday when the register dropped to 8 above zero. Only one other time this winter has the mercury gone so low and that was on January 6th. On March 5th, 8th and 9th, the thermometer registered 12 above which was the next coldest of the season. One-quarter inch of moisture was received Friday and Saturday in the form of snow.

Though it is generally conceded that gardens, fruit trees, and shrubs were greatly damaged by the cold wave, the low temperatures have helped the wheat and did a great deal of good in killing the worms that have begun to infest the wheat as a result of the warm weather preceding the freezing temperature, said County Agent Upchurch Tuesday in reference to the result of the weather on agriculture.

Stands of oats and barley have also been damaged to some extent, however, the snow helped to draw the frost out of the ground, thus protecting the crop. Several farmers have reported, said Mr. Upchurch, that they will have to replant their oats and barley, but this condition is not thought to be general.

## Andy Walsh Finds Knife on Canyon Golf Club Links

A knife which was probably used by buffalo hunters was dug up recently by Andy Walsh on the golf course of the Canyon Club here. The knife blade which is about six inches in length, is made of excellent steel. The wooden portion of the handle is partially eaten away. A piece of rawhide knotted around the blade where the handle is attached is still in excellent condition. This was evidently used to fasten the knife to the wearers' belt.

The knife will be placed in the collection of the Panhandle-Plains Historical Society.

## WALLACE BUSTER RETURNS

Wallace Buster arrived in Canyon the first of the month to take charge of the meat market at The Buffalo. Mr. Buster comes here from Panhandle. He is a former Canyon resident who has been away for several years.

Mrs. Buster and family have also arrived and are making their home here.

Mrs. Bob Neblett went to El Paso Saturday for a few days medical treatment.

## Pampa Teachers Visit Classes At College Sat.

The coldest weather of the winter did not prevent nineteen teachers of the Pampa public schools driving 75 miles to visit classes and see demonstration teaching at the West Texas State Teachers College Saturday.

The visitors saw demonstrations of plays and games as a feature of physical education and Mr. Arthur K. Goodman, Miss Elva Frommberger and Miss Novella Goodman, members of the faculty, taught lessons in arithmetic, reading and language. The remainder of the time was spent in going over the college plant and visiting other classes.

Among those in the party were Miss Ila Pool, Mrs. George R. Clark, Miss Josephine Thomas, Miss Florence Jones, Mrs. John B. Hessey, Mrs. J. L. Lester, Mrs. L. K. Stout, Mrs. Sarah Moyer, Miss Lillian Mullinax, Jewel Montague, Mrs. C. W. Stover, Miss Clara Brown, Miss Marie Dodgen, Mrs. Sam Irvin, Miss Loma Groom, Mrs. John I. Bradley.

Morris Inloy, Hester Lester, C. W. Stover, Ralph Irvin and Lloyd Oldfather were also visitors.

A. L. Patrick, principal of the Sam Houston school was unable to make the trip because of illness.

## Prohibitionists To Speak Here On March 25

The Allied Campaigners will include Canyon on the nation-wide tour they are making to develop support for the 18th amendment, according to an announcement here this week.

A luncheon for citizens is being planned and a big mass meeting will be held at the First Baptist Church at 7:30 p. m., March 25.

Two of the noted speakers who are making the tour will talk at these meetings and all who are interested in prohibition will be asked to come out and hear a frank discussion of what prohibition is accomplishing and what its friends must do to meet the attacks being made on the 18th amendment.

The speakers scheduled to make the addresses here are Oliver W. Stewart, vice-chairman of the Allied Forces for Prohibition, and Dr. Ira Landrith, chairman of the National Temperance Council, two of the foremost leaders in the prohibition cause. Mr. Stewart is scheduled to talk at the luncheon and Dr. Landrith at a night meeting.

The meetings planned here are part of the most extensive effort that has yet been made to marshal the strength of the dry forces. Led by Dr. Daniel A. Poling of New York, the Allied Forces for Prohibition have launched a speaking campaign in behalf of prohibition which will reach 587 cities and towns of the country and cover 48 states.

## Plans Made For Dairymen's Feed On March 25th

Plans for the fourth annual banquet of the Randall County Dairymen's Association, to be held at the high school gym on the night of March 25, are being completed by the committee in charge of the arrangements.

More than 150 are expected to be present at this banquet. Dairymen, their families and friends are invited. Departing from the custom of past year no complimentary tickets are being passed out, but instead those friends of the dairymen, not members of the association, are invited to purchase tickets to the banquet if they wish to attend. This change was necessary for this year because of a shortage of funds.

Tickets to the banquet must be purchased not later than Saturday night of this week, in order that ample time be provided to complete all details. Tickets may be purchased from any member of the committee, composed of R. O. Allison, H. R. Fulton, E. Gidden, and Albert Byars, or from County Agent W. H. Upchurch. The price of tickets this year is 50 cents each.

Those in charge of the program state that a very entertaining program is being planned and predictions are that this year's affair will compare very favorably with those of other years.

H. H. Bornhoeft, representative of the United States Chamber of Commerce of Washington, D. C., was in Canyon Monday.

Henry Bradford returned Saturday from San Diego, Calif., where he has been the past three weeks.

## ONE-ACT PLAY CONTEST HERE MARCH 18-19

WILL BE LARGEST CONTEST IN  
TEXAS LEAGUE.

Preliminaries Start at 9 a. m. Friday in College Auditorium and Canyon High School.

Canyon people will have an opportunity to see four plays for twenty-five cents on Friday and Saturday of this week when the annual One-Act Play Contest of the first district, Texas Interscholastic League takes place in Canyon.

Canadian, Panhandle, Friona, Pampa, Miami, Spearman, and White Deer will give their plays in the auditorium of the Education Building at the College. Panhandle and Friona meet at 9 a. m. Friday. Canadian meets the winner at 8 p. m. Friday. Pampa and Miami compete at 1 p. m. and Spearman and White Deer at 3 p. m. Saturday, and the winners in all this group meet in the semi-finals at two Saturday afternoon.

McLean and Dumas meet at the high school auditorium at nine Friday, and the winner meets Quitaque the same night at eight.

Canyon and Texline meet at 1 p. m. Friday, and the winner will play against Stratford at nine Saturday morning. The winner goes into the semi-finals at 2 p. m. Saturday.

The finals will be held at the Education Building at 8 p. m. Saturday.

This is the largest One-Act Play contest in any district of the Texas Interscholastic League, according to Roy Bedichek, Austin, the State director. He stated recently that the interest and growth in this district is largely due to the careful management of the contest by W. E. Lockhart, the District Director.

Many of the play coaches who will come to Canyon are well known here. They are Arless O'Keefe, Pampa; Eunice Griggs, White Deer; Odessie Howell, Miami; Myrtle Holt, Spearman; John Harding, McLean; Katie Cornwall, Texline; Mayme Calley, Dimmitt; Wayne Eubanks, Friona; Mrs. C. E. Bedwell, Quitaque; Mrs. Mary Raymond, Panhandle; and Bethy Nelson, Stratford.

## FRANK HELLER DIES AT HOME OF SON IN HAPPY

Frank Heller, 85, died Thursday at the home of his son, W. D. Heller, three miles south of Happy. Funeral services were held Friday afternoon at two o'clock from the First Baptist church at Happy with Rev. W. J. McDaniel, pastor, in charge.

Mr. Heller is survived by four sons, E. F. Heller of Sweetwater; W. D. Heller of Happy; C. T. Heller of Matador and H. E. Heller of Los Angeles; and three brothers, W. F. Heller of Canyon, Tom and Louis Heller of Round Top, Texas. Interment was at Dreamland Cemetery with the Griggs-Thompson Funeral Home in charge.

Mr. and Mrs. G. E. Nance of Brownsville are here visiting at the home of their son, George Jr.

The State Railroad Commission did the wise thing in refusing permits to the heavy cotton trucks. The legislature attempted to do this, but failed, under federal court decision. The trump card was to refuse, under the motor bus division of this commission, the use of the highways to these big trucks. The trucks for a long while made the plea that they were rendering the state a service as they returned revenue to the state treasury in the matter of gasoline tax, and permits. This fallacy was soon destroyed. The big trucks were simply taking money away from the railroads, which were built for this kind of heavy service, and which are heavily taxed to build and support a system of highways, which in turn the trucks were destroying by overloading. In addition, several hundred people were killed or injured every season in South Texas where these trucks operate. The people have become thoroughly incensed over conditions of the highways, and will demand that the rights of those who build the highways be protected against those who would destroy them through abuse and misuse.

Babson had a thoughtful article the other day. He shows that there is still as much money as ever, but the trouble with the world today is that our credit has been exhausted. During the "good" times everyone mortgaged their future to the fullest extent. We bought, when we should have been paying. We contracted for things that we did not need, and wanted things far beyond the possibility of paying the debt. There had to be a reckoning somewhere along the line. Unfortunately, when that day of reckoning arrived, it caught governments, local and national, as well as individuals, all alike. Now we are complaining at the cost of high taxes, to pay for the improvements we voted upon ourselves, and too many are losing their homes, and other things upon which payments are due and there is not the money in sight to pay. Pay day is always a hard taskmaster, and the harder the time, the harder it is to pay off.

Speaker Garner is doing a fine job of keeping silent regarding the many questions being put at the various candidates for president. The Speaker is absolutely right in his attitude, and to run around yapping his sentiments to please all the inquisitive people would immediately destroy his usefulness as speaker. There is not one chance in ten thousand of Garner being the nominee through an active campaign. His only chance is to be selected as a compromise. He is not, therefore a candidate, but has a tremendous responsibility in

promoting the legislative program fostered by his party. If the Democratic party fails in its legislative program through the leadership of John Garner, then it has no grounds on which to ask the nation for return to power in November, either through Mr. Garner or anyone else. Leave Mr. Garner alone. He has his hands full.

It is a good omen as to the heart of the world when the machinery of commerce virtually stands still during the search for a child. While it is nothing less than a national disgrace that kidnapping continues in this country, with punishment meted out to so few, the Lindbergh case will undoubtedly cause such an incessant demand that something be done, that America will protect herself in the future. American thought is to liberal; we put up with too many things which should never be tolerated. Crime and criminals are too easily condoned. Perhaps this national disgrace of the present may eventually prove a sufficient urge that the insidious head of the crime monster shall be chopped off. If the little child shall lead America to take drastic action against the ever-growing undesirable lawless element, the heartaches of the present can more easily be forgotten.

Good news from Germany: President Paul Von Hindenburg secured almost half of the votes cast Sunday for re-election, and will be re-named head of the German republic at the second election to be held April 10. The world held its breath, following the world war when Von Hindenburg was named president. It was almost inconceivable that the Kaiser's old war-lord would be able to cast aside the cloak of the Imperialistic militaristic party and assume within so short a time the garb of democracy. Subsequent events proved without shadow of a doubt that the old general loves his country more than his own life, and stands only for the future good of his nation. Would that there were more men in every nation of his type.

Clem Calhoun of Amarillo has announced as a candidate for attorney general. He has had a spectacular career as district attorney in three districts where it took lots of nerve to face the lawless elements. He was sent to Borger by Governor Dan Moody following the murder of John Holmes. Calhoun announces against the principles of Attorney General Jimmie Allred in prosecuting business. This will be an interesting campaign. Allred is a stem-winder when it comes to making a campaign. He is fast in action, and sure of himself. If Calhoun wins, he will know that he has been in some fight, should Allred show the same action he manifested in two other state-wide campaigns.

Would you think there were 23 million open, above board gamblers in the United States? That many nigger crap shooters lined up would be somewhat of a spectacle. Yet it is said that fully that many were taken to a cleaning on the stock market. In good society it may not be called gambling, but

## THE GREAT AMERICAN HOME

to buy something, for which you do not pay, but simply put up a little money, guessing that the price will increase, is nothing more than betting on the value of the dice that will turn over, or the card that you will draw. Gambling does not pay.

There is talk about consolidating Hartley and Dallam counties. It would be the best thing the people of those counties could do. In these days of good roads and rapid transportation, counties over the state could well afford to unite. Local pride in a court house, local officers and local candidates are the only obstacles. Just now there is a lot of talk about reducing the cost of government, and it must start in local offices. We hope that Dallam and Hartley will pave the way for county unions as it will mean much to the taxpayers.

Japan is said to be fighting almost a fight for national existence. The nation is broke. The Chinese boycott cut off her principal source of revenue. Instead of having an easy fight of short duration, the campaign is taking all the revenues she can collect. In the meanwhile, Russia is mobilizing troops in a threatening position. Japan may find herself in the position of the man who had the bear by the tail.

The publishers of Panhandle weekly newspapers will never know how much their papers were appreciated last week. Laid up with the flu, it was a genuine pleasure of the Newsman to visit with the various publishers through the medium of reading their editions. There is no section of the United States which has so many progressive publishers as the Panhandle.

The State Democratic Executive Committee has ordered that candidates for congressman-at-large shall run for three places, and shall file accordingly. This is not going to suit several of the twenty candidates, and in all probability there will be an injunction filed against the ruling of the committee. We shall have more "government by injunction" in regard to this campaign.

The State Executive Committee will demand a strict party pledge for those who attend the conventions this spring. No mention was made of "Hoovercrats," but this was the object. If Democracy should be so unfortunate in its selection as four years ago, pledge or no pledge, the voters of the South will not stay in line.

A record of 41 years was broken in the cold weather of the past ten days. Suffice it to say, there will be little or no fruit in the Southwest this year, and that early crops in many parts of the country suffered. One county on the gulf reports the loss of a quarter million acres of early cotton.

Amarillo city bonds were sold last week at 83.6 cents on the dollar. Not long ago Dallas bonds went begging when there were no buyers. That is something for Canyon citizens to think about. Keep the city's finances sound by electing safe men to office. Canyon's bonds sell at a premium.

Be in Canyon March 26 for the Santa Fe demonstration train. These trains always bring large numbers, as they are extremely interesting and profitable. Take some time off to visit the train, whether you are a business man, a farmer, a stockman, or a professional man.

with the CRANKCASE DRY  
to prove the PENETRATION  
of Germ Processed Oil and  
Value of the "Hidden Quart"

"Hooy!" jeered one of the bystanders in a Muskogee, Oklahoma, filling station when F. J. Morgan told how the "Hidden Quart" of Conoco Germ Processed Oil had protected many cars from harm when run with the crankcase empty.

To prove his point, Mr. Morgan had the Germ Processed Oil drained from his crankcase and, accompanied by the doubter, started for Checotah, 27 miles away.

A crowd met the car at Checotah, but Mr. Morgan drove on to Eufaula, 14 miles farther, 41.6 miles

from Muskogee. Chevrolet mechanics tore down the motor and pronounced it undamaged. The doubters became believers!

The oil that protects a motor under such conditions will give you better, safer lubrication in every-day driving! Conoco Germ Processed Oil is the only oil that actually penetrates and combines with metal surfaces. That's why a "Hidden Quart" stays up in your motor and never drains away. It cuts down costly starting wear, saves gas, gives your motor longer life, with fewer repair bills.

Change to Conoco Germ Processed Oil for safer, surer lubrication.

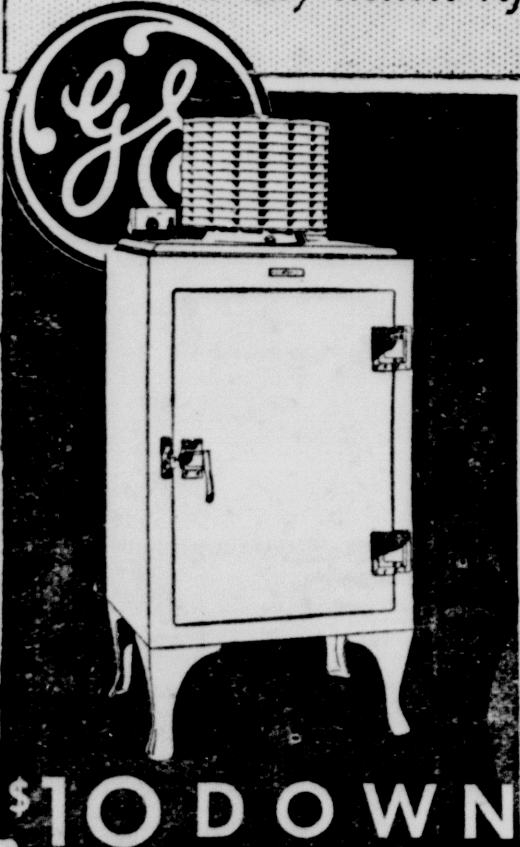

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

### UNIQUE PARTY GIVEN AT KLEINSCHMIDT HOME

Though many clever parties have been given during the St. Patrick season there have been none more unusual than the one given Friday evening in entertainment of the members of the Friday Afternoon club and their husbands with Mrs. J. W. Kleinschmidt and Mrs. Guy Harp as hostesses at the home of the former, 2010 Sixth Avenue.

As the guests arrived they were presented tallies which carried sketches of well known characters appearing in newspaper comic sections. A chicken salad course was served in the early evening and those present found their places at the tables by matching their respective tallies with the corresponding place cards, which also carried comic sketches but no names.

Tables were arranged for bridge and during the play the guests were known by the names which their tallies represented. Hilarity resulted and if a person made a mistake in addressing his fellow-players, he was promptly rewarded with a bean (previously supplied by the hostesses). At the end of the evening the one receiving the most beans was given a prize. This fortunate person was Mrs. Marion Bishir who was presented a large "diamond" in accordance with the manner in which Uncle "Bim" honored the "Widow Zander."

Seasonal flowers adorned the entertaining rooms and the St. Patrick note was accented in the refreshment course.

Those present included: Mr. and Mrs. C. L. Thompson, Mr. and Mrs. Ray Campbell, Mr. and Mrs. T. H. ## SUCCESS . . .

Success is being friendly when another needs a friend; It's in the cheery words you speak, and in the coins you lend. Success is not alone in skill and deeds of daring great; It's in the roses that you plant beside your garden gate.

Success is in the way you walk the paths of life each day; It's in the little things you do and in the things you say. Success is in the glad hello you give your fellow man; It's in the laughter of your home and all the joys you plan.

Success is not in getting rich or rising high to fame; It's not alone in winning goals which all men hope to claim; It's in the man you are each day, thru happiness or care; It's in the happy words you speak and in the smile you wear.

Success is being big of heart and clean and broad of mind; It's being faithful to your friends, and to the stranger, kind; It's in the children whom you love, and all they learn from you.

### DOROTHY JEAN HEATH IS SEVEN YEARS OLD

Little Miss Dorothy Jean Heath entertained a number of her little friends with a lovely party at her home Saturday afternoon, celebrating her seventh birthday. ## MR. AND MRS. CAMPBELL ENTERTAIN FRIDAY EVENING

Mr. and Mrs. L. T. Campbell entertained with a delightful party at their country home five miles north of the city Friday evening.

Four tables were placed for the guests and auction bridge was enjoyed until a late hour when refreshments of salad, sandwiches, cake and cocoa were served. High score prize went to Mrs. Tom Lair and consolation to Ed Weeks.

Seated for the games were: Mr. and Mrs. Albert Byars, Mr. and Mrs. W. H. Upchurch, Mr. and Mrs. Fred Foster, Mr. and Mrs. Tom Gerald, Mr. and Mrs. Arthur Oleason, Mr. and Mrs. Harley Burrus, Mr. and Mrs. Tom Lair, and Mr. and Mrs. Ed Weeks.

## MISSION STUDY CLASS HAS ALL-DAY MEETING

The Mission Study Class of the Presbyterian church met at the home of Mrs. J. W. Shanklin, 2000 Fourth Avenue, Monday for an all day study of the book, "God and the Census," a chapter of which was read and discussed by each member present. Much information was gained concerning the efforts of preachers and pioneers to inspire a spirit of Christian living among the people of the new countries, not forgetting during the meeting some rather strenuous experiences of town in the early days before churches were built and meetings of all kinds were held in the old courthouse which is now the American hotel.

Each lady brought a covered dish and a bountiful luncheon was served at noon and a social half-hour was enjoyed by all, after which study was resumed.

Members present were: Mesdames Cleavinger, Shanklin, Ridgeway, Kunze, Burrow, Bills, Donnell, Biggers, Knight, Black, Ingham, Bessire, Thompson, and Monroe.

Mrs. J. W. Burrows of McLean is visiting this week in the home of her daughter, Mrs. C. C. Stidham.

## MRS. COLE, MISS DAVIS ARE HOSTESSES TO CLUB

Easter lilies and Easter colors were high notes in the attractive affair given in entertainment of the Business Woman's club by Mrs. James Cole and Miss Winnie Davis at the home of the former, 1419 Third Avenue, Wednesday evening.

Guests were received at 7:30 into rooms decorated with Easter lilies where five tables were placed for bridge. The tables and score pads further developed the chosen motif.

At the close of the party Mrs. Ed Mickel was presented high score favor and Mrs. Levi Cole received second high. The tables were laid with Easter covers at the refreshment hour when a dainty dessert course was served. Candies were served during the play.

Guests present were: Mrs. Berli Mayfield, Mrs. Earl Robbins, Mrs. T. C. Thompson, Mrs. Clyde Davis, Mrs. Levi Cole, Mrs. J. J. Walker, Mrs. Lige Frieze, Mrs. Donald Trolinger, Mrs. Ed Mickel, Mrs. F. F. Ferrell, Mrs. W. H. Upchurch, Mrs. N. E. McIntire, Mrs. A. C. Donnell, Miss Irene Presley, Miss Lillian J. Saturday they will meet with the women of Clarendon and will address members of the women's organizations.

## MISSSES MCCLANAHAN AND CRAWFORD ENTERTAIN

St. Patrick designs in the holiday colors of green and white furnished an attractive motif for the dinner bridge given by Miss Gladys McClanahan and Miss Irene Crawford at the home of Mr. and Mrs. R. McGee, 1319 Sixth Avenue, Wednesday evening of last week.

Crystalware and lovely china marked each place on the white covered table with its colorful centerpiece of tulips. The holiday color note was further emphasized in the dinner courses.

Auction bridge was enjoyed following the dinner until a late hour.

Seated were: Mr. and Mrs. Clyde Davis, Miss Winnie Davis, Messrs. Bailey Bandy, Buster Johns and Jack Horne of Pampa, and the hostesses.

## TWO LOVELY PARTIES FEATURE SPRING DESIGNS

The Spring season with its special holidays has proved a very popular one with the hostesses of Canyon as is evidenced by the two lovely parties given Wednesday at the home of Mrs. A. K. Goodman, 1906 Sixth Avenue, with Mrs. Goodman and Mrs. Ray V. Davis as joint hostesses.

A color scheme of green and white symbolic of St. Patrick was developed in a unique way when Mrs. Goodman and Mrs. Davis entertained in the afternoon. Crepe paper in the chosen colors was used attractively in the rooms where the guests were received. The tallies were placed in envelopes and hung with green string from the chandelier in the center of the room. The guests were required to find and open their envelopes in order to find their places at the game tables. Auction bridge was enjoyed until the refreshment hour.

A delicious salad course, carrying plate favors of green and white baskets, was served to the following: Mrs. L. F. Sheffy, Mrs. Dan K. Usery, Mrs. Earl Robbins, Mrs. N. E. McIntire, Mrs. F. F. Ferrell, Mrs. W. E. Miller, Mrs. Clyde McElroy, Mrs. J. J. Walker, Mrs. D. M. Stewart, Mrs. William Ash, Mrs. T. B. McCarter, Mrs. Travis Shaw, Mrs. J. S. Humphreys, Mrs. Claude Moore, Mrs. Geraldine Green, Mrs. J. W. Kleinschmidt, Mrs. Ray Campbell, Mrs. Chas. Edmondson, Mrs. T. M. Moore, Mrs. Tommie Montfort, Mrs. T. H. McDonald, Mrs. A. W. Sternberg, Mrs. J. C. Baker and Miss Erna Meyer.

Wednesday evening an Easter motif was selected as the theme for a lovely party. Easter bunnies on small cards marked the places at the game tables where bridge was played until a late hour.

A delicious dessert course featuring a color scheme of yellow and white was served by the hostesses.

Seated were: Mr. and Mrs. Warren Johnson, Mr. and Mrs. Madison Daugherty, Mr. and Mrs. Mitchell Jones, Mr. and Mrs. Frank Hicks, Mr. and Mrs. J. L. Dufflot, Mr. and Mrs. Andy Walsh, Mr. and Mrs. W. D. Mater, Mr. and Mrs. H. W. Hartman, Mr. and Mrs. C. W. Batchelder, and Dr. and Mrs. M. L. Sadoris.

## ST. PATRICK PARTY AT KLENSCHMIDT HOME

Mr. and Mrs. J. W. Kleinschmidt entertained a number of their friends with a simple but attractive party at their home, 2010 Sixth Avenue, Tuesday evening.

Five tables were placed for bridge and a St. Patrick idea was developed in the tallies and score pads. A dessert course was served following the games.

## PROCLAMATION.

By the Mayor

The week of April 3 to 9, inclusive, has been designated as SPRING CLEAN-UP WEEK.

There are many reasons why the Spring Clean-Up Campaign this year should receive the enthusiastic support of every man, woman and child. First, because a city that is clean and beautiful creates cheer and banishes gloom. Cheer produces courage and confidence, and no doubt, most of us are badly in need of both of these attributes at this particular time. Second, because every dollar in property destroyed by fire, which so frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our present economic condition. Third, because every job created in connection with Clean-Up Campaign not only develops better fire protection, but supplies better sanitation and public health. It creates an atmosphere of encouragement.

NOW THEREFORE, I, R. A. Bellah, Mayor of the City of Canyon, do hereby designate the week of April 3 to 9, inclusive, as SPRING CLEAN-UP WEEK and most respectfully call upon all departments of the city, the Chamber of Commerce, Civic Clubs, Patriotic Clubs and our people in general, to take an active part in this Clean-Up Campaign.

I further designate the Fire Marshal and Fire Chief as a committee of two to work with the City Officials in promulgating active committees to carry on this campaign and ask the co-operation of all our people in this enterprising community for a clean city.

In testimony whereof, I hereto sign my name and seal of office, this 17th day of March, 1932.

R. A. BELLAH, Mayor,  
Canyon, Texas.

Attest:  
HARVEY CASH, City Secretary.

Goats belonging to a herd in Alabama will topple over apparently lifeless if surprised by a sudden handicap. Nothing strange about that affliction. Plenty of actors nowadays would do the same.

One news story tells of racketeers lending aid in recovering the Lindbergh baby. Another states that an Indiana police chief was arrested for liquor law violation.

The fact that the Chinese and Japs declared a "truce" evidently didn't keep the latter from being truculent.

A news item states that the Japs beat up a school teacher. Probably propaganda to get Japanese school boys to enlist.

When a man gives his seat to a girl, he is usually motivated by a stern sense of beauty.

## LOOK! Now Listen?

LOOK! \$5.95. NOW LISTEN—to the motor of your car. Does it run like it did the day you bought it, or does it make unpleasant noises? If your motor is afflicted with knocks the logical thing to do is to remove the knocks before they grow worse. Our Service Special for this week will remove the cause of this trouble and put your car in condition for many more miles of ECONOMICAL TRANSPORTATION.

## Main Bearing Special \$5.95

1. Remove oil pan.
2. Adjust and tighten all connecting rod bearings.
3. Adjust and tighten all main bearings.
4. Check and adjust oil dippers.
5. Check and adjust oil troughs.
6. Remove all deris from oil pan.
7. Install oil pan with new gaskets.
8. Tune Motor

This week we take pleasure in inviting Mr. and Mrs. Roscoe Davis to bring their car into our Service Department on Tuesday during the coming week and receive a free wash and lubrication job.

## Search for Lindbergh Baby Greatest Man Hunt in America's History

When Charles Augustus Lindbergh, Jr., infant son of the noted aviator, was kidnapped from his crib in his parents' country home near Hopewell, N. J., the evening of March 1, the most intensive man hunt in the criminal history of America began.

Within 12 hours after the Lindbergh nurse, Betty Gow, had discovered the empty crib, the sympathy and concern of an outraged nation for the distressed parents was being expressed on an unprecedented scale. Not only were all law enforcement agencies in the east enlisted in the search, but co-operation had been promised by Mexican and Canadian officials in patrolling the borders.

National feeling was such that President Hoover conferred with Attorney General Mitchell in Washington, and the entire forces of the Departments of Justice, Immigration and Customs Service were directed to work with state authorities in the case. Another development was that several bills imposing severe sentences on kidnapers were placed before Congress.

But, despite such wholesale co-operation, tangible results in the solution of the crime and recovery of the child were slow in appearing. On the day following the kidnapping, Wednesday, March 2, no important clues were available except the ladder which the culprits used to remove the child, and a ransom note from Newark, N. J., demanding \$50,000 of "Charles Lindbergh." Intensive investigation of both clues proved barren of result.

The following day, Thursday, a new ransom note, demanding the same amount, was received at the Lindbergh home. The handwriting on this note was similar in some respects to that on the previous one. There were no definite instructions given, however, for delivery of the money. On this day more than 300 persons were examined.

On Friday, March 4, the Lindberghs in a signed note urged the baby's return, agreeing to meet any conditions imposed. Fifty thousand dollars in small bills was being held in readiness at Newark for delivery to the kidnapers. On this day Henry "Red" Johnson, friend of the baby's nursemaid, was arrested at Hartford, Conn., for questioning.

On Saturday public officials

from all important eastern cities met with Governor A. Harry Moore of New Jersey and Commissioner Edward Mulrooney of New York to confer on the case.

The following day Colonel Lindbergh announced to a startled world that he had appointed Salvatore Spitalo and Irving Blitz, known leaders of New York's underworld, as mediators if kidnapers desired to communicate with them.

This drastic move, due perhaps to the colonel's belief that the kidnapers might be more willing to

mediate with the underworld than members of society, did not produce immediate results.

As time dragged after the kidnapping occurred, practically nothing had been accomplished toward revealing the identity of the kidnapers—and this despite the combined efforts of what is probably the greatest force of law officials ever organized for a man hunt, and those of millions of civilians anxious to do anything to restore the lost child to America's best loved parents.

## IN THE WORLD OF SPORTS

Oldest Major League Patriarchs Are Jack Quinn, Brooklyn, 46(?), and Red Faber, White Sox, 44; Youngest Is Barney Friberg, 31, Philly Infielder

BY PHILIP MARTIN

SOMEHOW, the old boys are always good for a story. There are Dempsey, Tilden, Hagen, Leonard and some more. And in a baseball way, there are Quinn, Faber, Ruth and Grimes, just to mention a few.

Taking the major league teams club by club, the oldest players on the rosters are pitchers. Eight of the old guys boasting seniority rights are moundmen, four are outfielders, two are catchers and two are infielders.

Jack Quinn, Brooklyn flinger, is the oldest. Barney Friberg, Phillies infielder, is the youngest of the patriarchs.

Quinn is 46, so the record books say, but if the big Pennsylvania Pole is only 46, then Man o' War is but a yearling colt. He started pitching in 1903, which would make him 18 when he began. But I've heard fellows say that Jack had a man's beard long before he ever tossed a baseball for hire.

Anyhow, Quinn, even at 46, is the oldest in the big leagues, which naturally gives him the edge on his Brooklyn teammates.

RED FABER, at 44, is the oldest White Sox. Faber started in 1914 and has been steadily employed as one of their pitchers since then. He has seen more years of service with one team than any other big leaguer.

In the 41-year-old division are a couple other pitchers, both left-handers. They are Clarence Mitchell of the Giants and Eppa Rixey of the Reds. Rixey came to the big leagues in 1912 and has been around ever since.

Rabbit Maranville, who is soon to begin his 21st season as a big league shortstop, is the oldest Boston Braves performer. The Rabbit is past 40. Mike Gonzales, veteran St. Louis Cardinals' catcher, and Sam Rice, spry Washington outfielder, are the same age, and the oldest on their respective teams.

Under the 40-year-class, Charles Jamieson of the Indians heads

Jack Quinn, moundman for Brooklyn, is the oldest player in the major leagues, even if he is only 46, going on 47. The youngest of the superannuates who have spent many of their best years on the diamond is Barney Friberg, Philadelphia infielder, shown at right. He is 31.

The list. Jamie is 39, and the ancient ball hawk still retains much of the speed that marked his younger days.

Babe Ruth of the Yankees is past 38 by a few weeks, and the oldest man on the Yankee roster by a matter of 12 days. The Babe discovered America at Baltimore, Feb. 7, 1894, whereas Herb Pennock, down at Kennett Square, Pa., came along Feb. 19.

Burleigh Grimes, new Cub pitcher obtained in a trade with St. Louis, has almost three years seniority on Manager Hornsby's Grimes will be 39 in August. Hornsby's 36th birthday comes next month.

In the lineup of the American League champion Philadelphia Athletics, one Edmund John Miller is the oldest. Bing is approaching his 37th birthday, and is still pretty spry on the base paths. Of course, Bing isn't as old as Connie Mack or Kid Gleason, or even Eddie Collins, but give him time.

Muddy Ruel, catcher, caught on with the Tigers this year in time to win the honor as the oldest Detroit player. Muddy is 36. So is Ray Kremer, pitcher, oldest member of the Pittsburgh Pirates.

At 35, Pitcher Warren (Rip) Collins tops the roster of the St. Louis Browns. Wilcy Moore, old "sinker Cy," who was a rookie at 30, is the oldest member of the Boston Red Sox. Cy is 34. And Barney Friberg, 31-year-old infielder, is the Methuselah of the Phillies.

## Meat, Is Least Expensive of Sources of Animal Protein; Should Include In Diets, Authority Says

Faddists Mislead Public To Think Meat Is Harmful Food Says Miss Peters.

Lincoln, Nebr., March 5.—Propaganda promoted by various food faddists and others regarding meat being a harmful food has no doubt resulted in the prejudice toward a perfectly wholesome food, Miss Matilda Peters, foods authority at the Nebraska agricultural college at Lincoln says.

At present retail prices, meat is one of the least expensive sources of animal protein. Meat is a wholesome nutritious and palatable food, and there is no reason, in Miss Peters' opinion, why most people should not include it in their diets. Considered from a practical standpoint, it is impossible to meet the protein needs of the body without some of the protein being from animal sources.

"In addition to protein, lean meat is an excellent source of both of the minerals phosphorus and iron," Miss Peters said. "An analysis of the diets of students who do not eat meat very frequently shows the protein to be at a lower level than is desirable and in addition to this the phosphorus and iron are below a satisfactory standard."

"Studies of diets of city families frequently reveal a marked deficiency as to iron. Iron is essential for the development of red blood cells and the prevention of anemia. Anemia, as we all know, is a very common disorder and is

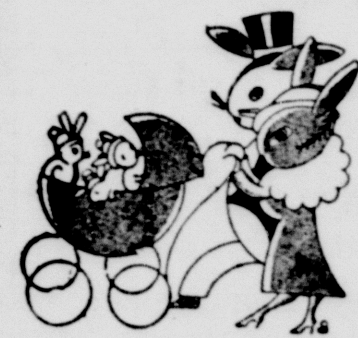

one of the common causes of people being run down and below par. At present prices, meat and eggs may be considered as inexpensive sources of this important element. Liver and kidney are even richer in iron than muscle meats.

"Many people who pride themselves on doing without meat do not have sufficient knowledge of food values to recognize all of the essentials of an adequate diet," Miss Peters thinks. "These people may labor under the delusion that their diet is satisfactory because it does not contain meat, when as a matter of fact, the diet may actually be deficient in the very factors which meat contains. They may not know how to select other foods to make good these deficiencies."

"An all meat diet is no more to be desired than an all-cereal diet or an all-fruit and vegetable diet, or an all-milk diet. It is possible to unbalance the diet because of a preponderance of any single food." Housewives, who have reduced the meat consumption in their families because of high prices which prevailed during the past few years may have established the habit of doing without meat, Miss Peters feels. Since they and their families have become accustomed to a limited amount of meat in their diet, they may not be aware of the relative economy of meat at the low prices which have prevailed during the past two or three months.

For tender, juicy cuts of meat at low prices, call 117, THE CITY MARKET.—Adv.

## Sophomores Show Well in C. H. S. Sports This Year

Canyon High School would surely have fallen down in its athletics this year had it not been for the sophomores. This class had representatives in football, basketball and track this year, and much credit goes to them for the success of C. H. S.

Owen Miller, a sophomore, was elected captain of the football team for 1932, and has lettered two years. Owen is a hard fighter, and always did his part to help make a touchdown by blocking his opponents. Although Francis Elliston did not letter, he made a very pretty touchdown one time while the Eagles were playing Claude. Little "Speck" Williams is going to make a good football player when he grows a little more.

Of course, football was not all Francis could do. He came out for basketball and suited out in purple and white at practically every game. Although he did not play regular, he did his best while jumping center. When Pampa's B team came down, Speck did more guarding than the opposing team thought possible. He looked like a mere kid to them at first, but they soon found out kids in Canyon High are good guards.

Now is the time for track, and James Hill, Frances Elliston, Tom Slack, Ray Miller, and Dan Gerald are representing the sophomores in this division of sports. These boys are all capable of making a good track team and after a month of training and coaching they are sure to play an important part in the Interscholastic meet this year.

All the interest in sports, however is not found among the boys, because those sophomore girls seemed to be very important in the making of the girls' basketball team. There were five sophomore girls who lettered. They were Velma Crawford, Gallen Porter, Rosa Cash, Clara Sanders, and Armorer Lee Greenfield. Everyone of these played the full season, and never stopped fighting, although Miss Smith, our coach, said that Armorer Lee slept about the first ten minutes of every game. Velma was

## Chapel

The West Texas State Teachers College Band had charge of the chapel program Thursday. The band is directed by C. E. Strain.

The following numbers were given by the band:  
"Columbia"—a march.  
"Windy Willie"—a march.  
"In an Oriental Garden."  
"Princess of India"—an overture.  
"Trombone Blues."  
"A Night in June."  
"March of Pontia Rosa."  
This band is a very good college band, and we are proud to say that it is composed partly of Canyon High School ex-students.

## Final Cast is Chosen For Contest Play

The sophomores will again be represented in Canyon High School's contest activities. The contest play, "The Bank Account," is to be given on March 25. Its cast is: Frank Benson—Dale Bowman. Lottie Benson—Mary May Harrison.

Mary Harding—Robbie Foster. The sophomore class feels sure that Robbie Foster is well fitted for her part, and are wishing her luck.

## SPANISH CLUB

In the Spanish club meeting Monday, after the minutes were read and the roll called, Miss Foster entertained the club by reading an article by Alfonso Caso, "Ancient Mexican Tomb Yields Jewel." The Mexicans are becoming interested in archaeological finds in their country as some of the tombs compare favorably with those of the Egyptians.

Due to an oversight the following names were omitted from the honor roll for the first six weeks of the second semester.

High School: Mary Jane Williams, Clarence Wooten, Maxine Wallace.

Grade School: Loretta Cole, Billie B. Fleisher, Eleanor Louder.

always in there fighting, and often left her opposing run-center away behind. Gallen was not a regular, but every minute she played was spent in fighting for her team. Rosa Cash was not a regular either, due to illness. Clara was a good forward, and she was a good sport in every game.

The sophomores, both boys and girls have shown up well in athletics this year, and are expecting to really make a name for themselves in C. H. S. sports.

## The History of The Sophomore Class of 1932

At the Canyon Public School in the fall of 1932, one might have seen Miss Elva Fronabarger busy trying to discipline a group of first graders, among whom were Armorer Lee Greenfield, Rosa Cash, Gallen Porter, T. V. Slack, and Wesley Williams. That year passed without any of the scholars proving themselves much more than the ordinary first grade child. During the next two years the class progressed, winning its share of the honors, but the next year the old building was torn down, causing the fourth grade pupils to attend school at the court house. They showed their ability at that young age by winning a prize of ten dollars for selling the most subscriptions for the P. T. A.

How pleasant it was to return the following September to a new building! Everyone enjoyed it, and most showed their appreciation during the rest of their school life there.

The seventh grade of 1930 (this same group with some members gained and others lost) tried to do in Grade School as Seniors do in High School, so they had a sneak-day, parties, clubs, and other enjoyable affairs, and they left a Bulletin Board as a farewell gift. Several girls and boys graduated with honors, and each member of the class was glad to become a member of Canyon High.

It was to be expected that the new Freshmen would be real "Fish," but all survived that year in spite of the jokes, sarcastic remarks, and other rather unpleasant ordeals which had to be tolerated. They learned the new rules as well as the entirely different regulations of classes and activity period after a time, but they were frequently the source of trouble to the teachers.

Then the majority of the class was promoted and were no longer "Fish," but "Sophisticated Sophs." By this time they were acquainted with High School life and had more time to enter into the activities in which the class is well represented. Rosa Cash was elected Pep Leader, and a large percent of the pep squad was Sophomores. Maxine Wallace is a member of the debating team and has made a great success in this field. Francis Elliston and Owen Miller distinguished themselves as football players for the Eagles, the latter of whom was elected captain. Wesley Williams, Francis Elliston and many others played basketball on the boys' team. The girls' basketball squad consisted chiefly of sophomore girls. This class also has its share of high grades, as more than one-fourth of the honor roll is made up of second year high school students.

The sophomore class of 1932 has done as well as any other in the past and bids fair to be very successful in the future.

## Sophs Enjoy Social Events

The sophomore class has enjoyed several parties and picnics this year.

The parties were given by Mary Dowlen, Wesley Williams, and a party for the entire class was given in the gymnasium of the grade-school building.

A picnic for the students of Miss Murrell's home room was given at the North Creek.

## OUTSTANDING SOPHS IN C.H.S.

Rosa Cash, one of the outstanding members of the sophomore class, has taken an active interest in declamation for the past five years. She took honors at the Interscholastic meet in her fifth, sixth and seventh grade years, and won second place in her Freshman year in Senior girls' declamations. This year she is declaiming again and is already working on her declamation. The sophomores, as well as others, are expecting her to go far in the District Conference.

How is Maxine Wallace, the debater, classified? Don't you know? Oh, she's a sophomore, of course. In her freshman year, she and her colleague—another freshman—Robbie Lee Foster, represented Canyon High in a debate with Hereford, and were very successful. This year, Maxine is to represent the school in the Interscholastic League contest. All of the sophomores are proud of her accomplishments.

According to the teachers, we find Lena Wade Jennings and Armorer Lee Greenfield are very outstanding English students. Miss Jewel Foster says that her division of the sophomore history students have accomplished much this year. In the Spanish department, Lee Christine Cousins and Lena Wade Jennings are to be commended for their excellent work. Many sophomore girls are taking active part in the Home Economics Club, while the boys are showing equal interest in the Manual Training Department. Miss Grace Clark's second year algebra students are also making a place for themselves in the sophomore class. Lorene Mickel, Lee Christine Cousins, and Pat Cochran are her outstanding pupils.

The fellow who is always looking for a place to light seldom ever makes a good landing.

## Latin Tourney Representatives Are Chosen

Fredda Charles Bills and Thelma Bryant have been chosen as representatives for the Latin tournament to be held April 9 in Amarillo. Two representatives are allowed to come from each Latin class in the district.

A test of all work covered since the beginning of school was given to determine the representatives. Fairly high grades ranging from 85 to 93 were made. The highest was that of Jean Burgess, who because of the lack of time for preparation was forced to withdraw her name. The honor then fell to Fredda Charles Bills and Thelma Bryant who tied with grades of 92. Representatives from towns as far south as El Paso will be present April 9 at Amarillo where another test will be given to find who will obtain high honors of the district.

## HOME EC. CLUB

The Domestic Art club met Monday with an interesting program on "The Gift of Voice." The program was as follows:

In the Beginning—Verline Furlow.

The First Language—Mary Lee West.

The Use of Voice Today—Frances Gill.

The Voice With a Smile—Marguerite Gillham.

"Cultivating the Voice"—Zudie Mae Bible.

Correct Pronunciation—Helen Elizabeth Bowman.

Many of the Sophomores are interested in music this year. Fredda Charles Bills, Lorene Mickel, Lura Fern Brian, and Lee Christine Cousins are among the most outstanding pupils of Mrs. Lee Foster, while many others of the sophomore class are under the direction of Miss Addaline Strain in the band, glee club and orchestra.

Depositors are people who get scared and break a bank, and then cuss it for breaking.

## Senior Play and Cast Are Chosen

The senior class of the Canyon High School will present a three-act comedy entitled "The Whoof-enpoof," on April 8 in the high school auditorium.

The play is an amusing comedy with the setting in a Montana news office. It is the story of a college graduate returning to "make" his father's newspaper.

The cast is:

Wheeler Ketchell—Wilford Taylor.

Dad Ketchell—George Schmitz. Mrs. Ketchell—Lillabeth Burroughs.

John Liebeck—Curtis Bell. Deep Liebeck—Ruth Cox.

Mona Lowry—Virginia Bull. "Roarin' Riley"—Harry Thomas.

Widow Winters—Beulah Ballenger.

The senior play is an annual event, and the receipts go to the fund for the present to be left by the class of '32 to Canyon High School.

## Sophomore Latin Student Places in Local Tourney

In a local Essay Contest for the Latin tournament which was held Saturday, February 27, Fredda Charles Bills a sophomore, won first place.

Her theme will be sent to the headquarters of the tournament at Waco to be entered in the District Tournament, and if she wins there she will receive a prize.

Katie B. Lowe took first prize on essay in the district in 1930. Katherine Robinson took first in the district and second place in the state for 1931.

## BACKSTAGE SCENERY

We view the shadows of the past when we look at the many names which adorn the back of the stage scenery at Canyon High. Some of the most conspicuous of these names that come in pairs are: Lester White and Gladys Young. "Pete" Hazlewood and Ruth Smith. "Dot" Cash and Joe Jennings. "Dot" Rusk and Red Covington. Jack Jackson and Laurene Alvord.

Some other decorations of the stage scenery were Jim Cabe, "Sis" Woods, Carrie Guthrie, Herman Smith, Bettye Sternberg, Kathryn Bryant, Bill Strain, Hoxie Cabe, Margaret Gamble and Wayne Porter.

We wonder if Father Time has obliterated these names which were so amorously linked together?

Low in cost . . . you can call at reduced rates after 8:30 o'clock at night.

Use the fast voice highway between here and Chicago for three minutes tonight . . . or any night. Call a friend. Call a relative. Call a business acquaintance. See for yourself how much pleasure and profit long distance can mean to you.

The best reason for having a telephone, as one telephone user says, is not having one. Here are some incidents that prove the point:

Little Bobby fell downstairs. He was hurt and mother was frightened. But she wasn't too frightened to know what to do. She called up the doctor . . . and he was there in a few minutes.

It was only a stray cat in the basement, the policeman said. Mrs. Clark laughed . . . a little nervously. But what a comfort it was to know the telephone would bring help so quickly!

Jim Mulvaney's back at work again . . . after two months. Last night the Boss telephoned: "Jim, we landed a big contract. Be on hand first thing in the morning."

## Youthfulness, Jauntiness Characterize Easter Styles

POPULAR COSTUME FOR WOMEN OF AVERAGE MEANS IS THE DRESS-AND-COAT AFFAIR, USING FORM-FITTING COAT, OR REDINGOTE WITH PRINT OR DRESS

BY HARRIET

THE Easter lineup of fashions this year show rejuvenation all along the line.

Whether you get a suit or a coat and dress ensemble. It will appear jaunty and youthful.

For the average woman and girl who must work to live, probably the most satisfactory Easter costume is the dress and coat.

There are two kinds of dress and coat costumes this year. The good old redingote can't be beaten and when a pretty print or a colorful plain dress is worn under it, you have as smart and young an outfit as any girl could ask.

The second type of costume is the coat that has the same suave lines as a dress, and is molded to the figure to slenderize you but closes firmly.

The redingote costumes usually have unlined coats this year. That makes them all the daintier and insures their being worn after warm days grow warmer. The separate coats have a way of doubling their service by making their collars separate. Wear the collar and you are all dressed up and ready to go places. Take the fancy collar off and you have a plain, collarless neckline that is appropriate for sports days.

Blues lead the Easter parade, all kinds of blues from deep navy to that penetrating light blue that is so becoming to blonds. Browns, combined with a new type of green that has almost a bronze cast to it, come a close second. Ruddy wines are very nice on women who need

Miss Louise Solomon was a visitor in the Palo Duro School Tuesday.

Mr. and Mrs. Ralph Ruthardt were visitors in the B. S. Campbell home Sunday.

Erwin Michael and daughter, and Elton and Bob Dalecater were visitors in the O. D. Bragg home Monday night.

## Wayside Items

We are delighted with the change in the weather. After 10 days of coldest part of the winter, frost, ice and snow, and then moderation seems almost too good to be true.

A survey of the fruit proposition seems to be no peaches nor plums left, possibly apples and cherries alright up to date.

M. L. McGehee left Monday with his fourth truck load of steers for the Amarillo market since last Thursday.

But little traffic during the cold spell save what was absolutely necessary.

Most of wheat and barley froze to the ground during the cold spell. Lots of grazing before.

No new cases of flu that we hear of. Every one seems to be over it hereabouts.

Good attendance at Sunday School last Sunday, considering the cold. After Sunday School Rev. Butterfield gave a very interesting talk on Japanese story of the marriage of the Sun and the Moon.

W. J. Sluder has been unwell for several days.

Floyd Swearingen, Wayside mail carrier is driving a new Pontiac.

Mrs. A. B. Cunningham from Rosebud, New Mexico, formerly from Wayside, writes they have flu there too, all better now. She finds the weather about the same as at Wayside, prices for home products about the same. Sandy valley land promises good for gardens and melons.

## Sunny Hill News

We are again enjoying spring weather after the cold of the past week.

Forrester Hollabaugh has again taken care of the school's trees by

The spring coat of matelot blue corduroy shown at left features leg-o-mutton sleeves. The tie scarf of blue fox may be detached to reveal a neckline which buttons high and diagonally. At right is an afternoon ensemble composed of a brown wool redingote over a dress of mustard yellow marocain. Note the double-caped sleeves, and the button arrangement.

some color but can't stand the strain of bright, young red. Black and white, it seems, always will be good. Beige and gray are reserved for those who are born dainty and who have enough money to stay that way.

For the girl who wants to look just a bit de luxe, there is a gorgeous redingote and dress ensemble that will set her up tremendously.

The coat is of lovely brown with double-caped sleeves. It is one of the new, sheer, soft-surfaced wools and, being unlined, is as beautifully molded to the figure as a dress.

Under it is a cute double-breasted little frock of almost a mustard yellow, with a lot of green in its tones. It is of marocain, and uses the nicest metal buttons marching up its front in double fashion, one on either side of the front panel. The belt is brown like the coat and buttons right over the dress's buttons. Instead of having buttons of its own. Add a big flower of brown on the side of the dress collar and you will be an addition to the Easter fashion parade.

If you are a young collegiate, or a society matron or smart secretary the coat cut for you is a matelot blue corduroy, designed by Chanel. It has leg-o-mutton sleeves and an intricately cut body that fits it to the form. And, to give you that luxurious feeling you should have on Eastern morn, it has a detachable collar of blue fox that ties in front. Since corduroy is so serviceable, you can remove this collar and make your coat two-time to be a sports garment, too.

plowing around them. He also plowed the school garden. Thanks to Forrester. The small children are planting flowers between the trees and around the out-door sand pit.

Some of the young people of this community are attending the B. T. S. study course at Happy this week.

Mr. and Mrs. W. E. Cone of Panhandle visited Mr. and Mrs. Joe Russell Monday and Monday night.

Mr. and Mrs. J. A. McFarland are remodeling their house.

About a dozen women met at the school house last Thursday afternoon and organized a Home Demonstration club. The next meeting will be with Mrs. I. H. Hollabaugh, Thursday, March 24.

Five members of this club attended the meeting of the Sunny Slope club at Mrs. Francy's on Tuesday of this week.

A crowd of the young people went to the Canyons Sunday for a picnic and outing.

## As "Bluebird" Set New Mark

Breaking his own world's auto speed record of 245.733 miles an hour, Sir Malcolm Campbell is shown flashing across the Daytona Beach, Fla., sands past the finish line in his Bluebird racer to set a new world's record of 253.986 miles an hour. Campbell then made the return run, bucking a dangerous 40-mile-an-hour head-wind, for an average of 241.773 miles an hour.

## L. N. George, Association Secretary Is Optimistic About Summer Term

L. N. George, secretary of the Ex-Students Association has been canvassing the country with a view toward interesting high school graduates and teachers in coming to the West Texas State Teachers College this summer.

Last Sunday Mr. George, with Billy Hawkins, attended Sunday school and church at Hereford. They visited Mr. Hawkins' old school mates during the afternoon and both report that a large percentage of the high school seniors of this year will be in W. T. this summer and fall.

On Monday and Tuesday of this week Mr. George and Aln Reed visited college prospects in Potter, Hutchinson and Hansford counties. They spoke to the senior classes at Spearman, Gruver and Morse. Thirty students told them they would be in W. T. this summer or at the beginning of the fall term. Mr. George says that Aln is a good speaker, that he went over big and that Hansford county will send a large number to W. T. on account of Aln's influence.

A number of students who are at home visiting are joining Mr. George in Briscoe and Hall counties this week and speaking to the high schools and visiting the public schools.

Secretary George reports that families are already beginning to locate here for the summer school. In speaking of his work, Mr. George reported as follows:

"Last Saturday five families were in my office getting their work for the summer arranged and looking over the town for places to stay. Since my last report thirty five people, who have never been to school in Canyon, told me that they were coming here this summer. Ten of these were men with families. They are bringing their babies here. Some will have children in the training school. People do not happen to come here by accident. They come because they have been told that W. T. is a good school, and Canyon is peopled with a high type of citizens, that the climate and water are fine and that Canyon is a clean town. More and more will come in from Saturday to Saturday until summer school opens. I plan to see other folks who have not seen here and repeat the above concerning the town. Are you with me or not? Are we telling the truth when we tell a stranger to bring his babies to our town, that our milk has a

low bacteria count, that our air is free from obnoxious odors and that flies are reduced to a minimum. I agree that board is some places is too cheap. Shall we spurt it up when we realize that we can, and "Kill the Goose that Laid the Golden Egg" and have these folks go away and "advertise" us? I believe that we are telling the truth and I know that we are going to have a large attendance of the best people in in Texas here in college this summer. Lets have newly papered rooms, flower and vegetable gardens and the cleanest town in the State!"

### Authority On

(Continued from first page) madrigal expression.

The form has been revived and developed in America in the last thirty years, and Mr. Clippinger conducted the Chicago Madrigal Club for twenty years. During that time the organization gave 197 concerts, and annually awarded a prize for the best madrigal music composed for lyric poem chosen by the contest committee.

The library of the Chicago Madrigal Club, including all of the prize winning compositions, and 40,000 copies of music now belongs to the Canyon College.

The Canyon Madrigal Club, the only organization of its kind in Northwest Texas, has been in existence for fourteen years, with seven singers who have retained their membership from the first. It has thirty-two members, eight voices to each part.

Although madrigals are sung a capella, that is without accompaniment, programs of the Canyon Club sometimes include a number sung with the piano. On this year's program such a number will be Dvorak's "Goin' Home" and Miss Hazel Allen, College instructor in piano, will be the accompanist.

The personnel of the club follows: Sopranos, Miss Ada V. Clark, Mrs. Wallace R. Clark, Mrs. L. F. Sheffy, Mrs. W. B. Stephenson, Miss Florence Snodgrass, Mrs. C. O. Huber, Miss Jessie Nelson, Miss Marie Bryan; altos, Miss Pauline Brigham, Miss Frances Snodgrass, Miss Freda Oberst, Miss Lila Dean, Miss Josephine Duflot, Miss Thelma Brummett, Miss Margaret Boulware, Miss Novella Goodman; tenors, Dr. F. M. Darnall, F. E. Savage, L. F. Sheffy, Roy Wall-rabinstein, Jordan Miller, Aubrey Wimberly, Broughton Hardin, Wallace R. Clark; basses, Dan K. Usery, C. O. Huber, Herschel Coffee, C. E. ### FIRE DEPARTMENT ANSWERS TWO CALLS ON TUESDAY

A fire at the home of Mrs. L. G. Conner, 2508 Fourth Avenue, did considerable damage to the interior of an up-stairs kitchenette Tuesday morning. The wall paper and woodwork were considerably damaged. The loss was covered by insurance.

The fire department answered another call Tuesday afternoon to the home of G. B. Combs, 1904 Third Avenue when one of the arms at the rear of the house lazed up. The damage was not great.

### CANYON CITY CLUB NEWS

The Canyon City Club is becoming quite popular as the weather warms up, and with the promise of sunshine, it is expected members will begin playing more and more golf; several have been playing, there being forty-seven on the course at one time one day last week.

The new back nine is taking on an air of interest as the fairways are cleared and the greens roughed in; it will take about 90,000 pounds of smelter chat and 30,000 pounds of native sand to dress the greens. The back nine will be approximately 3350 yards long and have four creek holes.

Heaps of kids enjoyed the out-of-doors Sunday while "Mon 'nd Pop" played golf.

Dr. M. L. Sadoris is the Club's most recent member. The Doctor says he would have joined sooner had he known just how interesting golf was.
